

## Flexible OLED in Shop Design 2016

Lumiotec Inc. (President: Mr. Joji Suzuki, Head Office: Yonezawa, Yamagata Pref.) makes an exhibition of "Flexible OLED" in "Shop Design 2016" at Tokyo Big Sight.

This flexible OLED is based on "P11 series" (Lamp color) and its size is 284mm x 71mm. This panel achieved both the flexibility and the brightness equivalent to P11 ( front brightness 5,000cd/m2).

We will discuss its specification, such as CCT and size, and would like to commercialize this flexible OLED within FY2017. You can touch this flexible OLED in our exhibition booth and we are looking forward to your visit.

Shop Design 2016  
<http://www.jma.or.jp/shop/>
